День 2

Rostov-on-Don and the Rostovsky Nature Reserve

Sightseeing tour of Rostov-on-Don: Embankment, the main street Bolshaya Sadovaya Street, Theater square, the Cathedral of the Nativity of the blessed virgin Mary, the center of the former Armenian city of Nakhichevan (which is a part of the city of Rostov-on-Don now). Departure to Orlovsky district (to the east of the Rostov region).

Excursion to the center of rare animals (the Association "Wildlife of the Steppe") located in Khutor Manych.

День 3

the Rostovsky Nature Reserve

Morning visit to State Biosphere Reserve Rostovsky.

Tour to the steppes, to the salt lakes, birdwatching, wild animals: saigas, bustards, etc. A walk through the area of the ecological trail "Riddles of the Manych Valley" (in mid-April time of wild tulips it is replaced by the route "Azure

flower").

The trail is located in the protected area, along the shore of the lake Manych-Gudilo, it has a round route (about 1 km). Moving along the trail, tourists get acquainted with the flora and fauna of the Reserve.

Then, tourists move along the ecological trail "Don Mustangs". With a ferry to Vodny island, where wild horses live. Wild horses are one of the attractions of the Rostovsky Nature Reserve. There are few places on the planet where you can see free horses, including Sable island in Canada, Assateague island and Chincoteague (Virginia, USA).

День 4

Elista

Trip to the steppe of Elista, a capital of the Kalmyk Republic. These are the reaches of the steppe of the Great Silk Road, the former area of the Golden Horde. The modern culture of Kalmykia is primarily connected with the culture of the Kalmyk people — the only people in Europe who traditionally profess Buddhism. Sightseeing tour of Elista.

We will visit several stupas, monuments and the main temple of the city center, a huge Golden Temple, which is the largest temple in Kalmykia.

День 5

Yashkul - Khulkhuta

Departure from Elista in the morning.

We will spend the rest of the day at the Yashkul Wildlife Center, where we also see saigas. Watching birds in natural conditions (birds of prey and their nests), observing wild steppes, dunes.

The center of wild animals Yashkul Nursery is located in the central part of Kalmykia, in Yashkul district, near the village of Ulan-Erge. In the Saiga Nursery, visitors have a unique opportunity to observe the antelope-saiga, preserved only in the North-Western Caspian sea area of Europe. They have been the main symbol of the steppes of Kalmykia for a long time.

Departure to the Volga Delta in the direction of Astrakhan, on the way we stop in the village of Khulkhuta—a small village in Kalmykia on the highway Astrakhan-Elista. During the war, the front line passed there. Watching the military monument - "Memorial of the 28th Army".

День 6

The Volga Delta
